## 5. Anticipated breach

In the event there is a justified reason to doubt the Customer's liquidity, due to the facts that have arisen after conclusion of the sales Agreement, Peikko may cease performance of its obligations, for example by preventing delivery of the Products to the Customer or by preventing installation or other use of already delivered Products, until the purchase price has been fully paid or the Customer has placed a security acceptable to Peikko.

## 8. Liability of Peikko for non-conformity of the Products

Should the delivered Product be non-conforming (and provided that the Customer has given a notice of the lack of conformity in compliance with Clause 6), Peikko may at its option and with its own cost either repair the non-conforming Products, replace the Products with conforming Products or reimburse to the Customer the price paid for the non-conforming Products.

Peikko's liability for non-conforming Products, including liability for delay due to non-conformity of Products, shall be subject to Clauses 7 and 9.

**Peikko shall under no circumstances whatsoever be liable to the Customer, whether in contract or in tort (including negligence), breach of statutory duty, or otherwise, for any loss of profit, or any indirect or consequential loss arising under or in connection with the Agreement. ## 10. Force majeure

A Party is not liable for damage or delay in so far as the damage or delay was due to impediment beyond its control, and provided that (i) it could not reasonably be expected to have taken into account the impediment at the time of the conclusion of the Agreement; and (ii) it could not reasonably have avoided or overcome its effects.

Such impediment can be, for example: (i) strike, lockout, boycott or other action of workmen also when a Party is itself an object or party thereof; (ii) war (whether declared or not), civil war or any other armed conflict, acts of terrorism or serious threats of terrorist attacks; (iii) acts of governments or any other acts of authority whether lawful or unlawful, blockade, siege or sanctions; (iv) fire or discontinuance of energy production, delivery of water, electricity or heating; (v) exceptional weather conditions or natural disasters such as but not limited to storm, cyclone, hurricane, earthquake, landslide, flood, drought, plagues, etc.; (vi) partial or total damage of machinery or plant; (vii) lack of components, parts, raw materials or fuel; (viii) discontinuance of common transport; or (ix) any event of a similar nature.

Subcontractor's delay shall be deemed to constitute an acceptable force majeure situation should the subcontractor delay be due to circumstances described in this clause.

A Party shall inform the other Party of the event of force majeure as well as of the termination of the force majeure, as soon as reasonably possible.

In the event that force majeure continues longer than three months, both Parties have a right to terminate the Agreement with immediate effect, and without liability.

## 11. Applicable law, dispute settlement

The Agreement and any dispute or claim (including non-contractual disputes or claims) arising out of or in connection with it or its subject matter or formation, shall be governed by and construed in accordance with the law of England Wales.
